|--|--|---|
| A resilient and unified Jefferson County where every individual has equitable, timely access to coordinated behavioral health services, free from stigma and focused on prevention, fostering a community of holistic well-being and empowered recovery. | We lead cross-sector collaboration by engaging both partner and non-partner organizations in innovative solutions. Through community initiatives and data-driven strategies, we aim to reduce stigma, address gaps in prevention, treatment, and recovery services, and ensure equitable, person-centered behavioral health care for all Jefferson County residents. | The BHC will strengthen cross-sector partnerships, engage in transparent governance, and develop collaborative initiatives informed by best practices, data, and community feedback to reduce stigma, improve access to behavioral health services, support harm reduction, and promote prevention. We will coordinate resources efficiently to address service gaps, maximize funding opportunities, and respond adaptively to the evolving needs of Jefferson County residents. |
